# MEDICARE IS COMPLICATED.

With so many different plan choices, the constant stream of mail and TV ads, and even incorrect information, it's no wonder Medicare seems like a confusing maze.

This guide will help you navigate the different parts of Medicare and understand what is and isn't covered. It explains Medicare Advantage, Medicare Supplement and Part D Prescription Drug plans and also includes two checklists to help you gather everything you need to enroll at age 65 and to review your plan every year after that.

## LET'S START WITH THE BASICS.

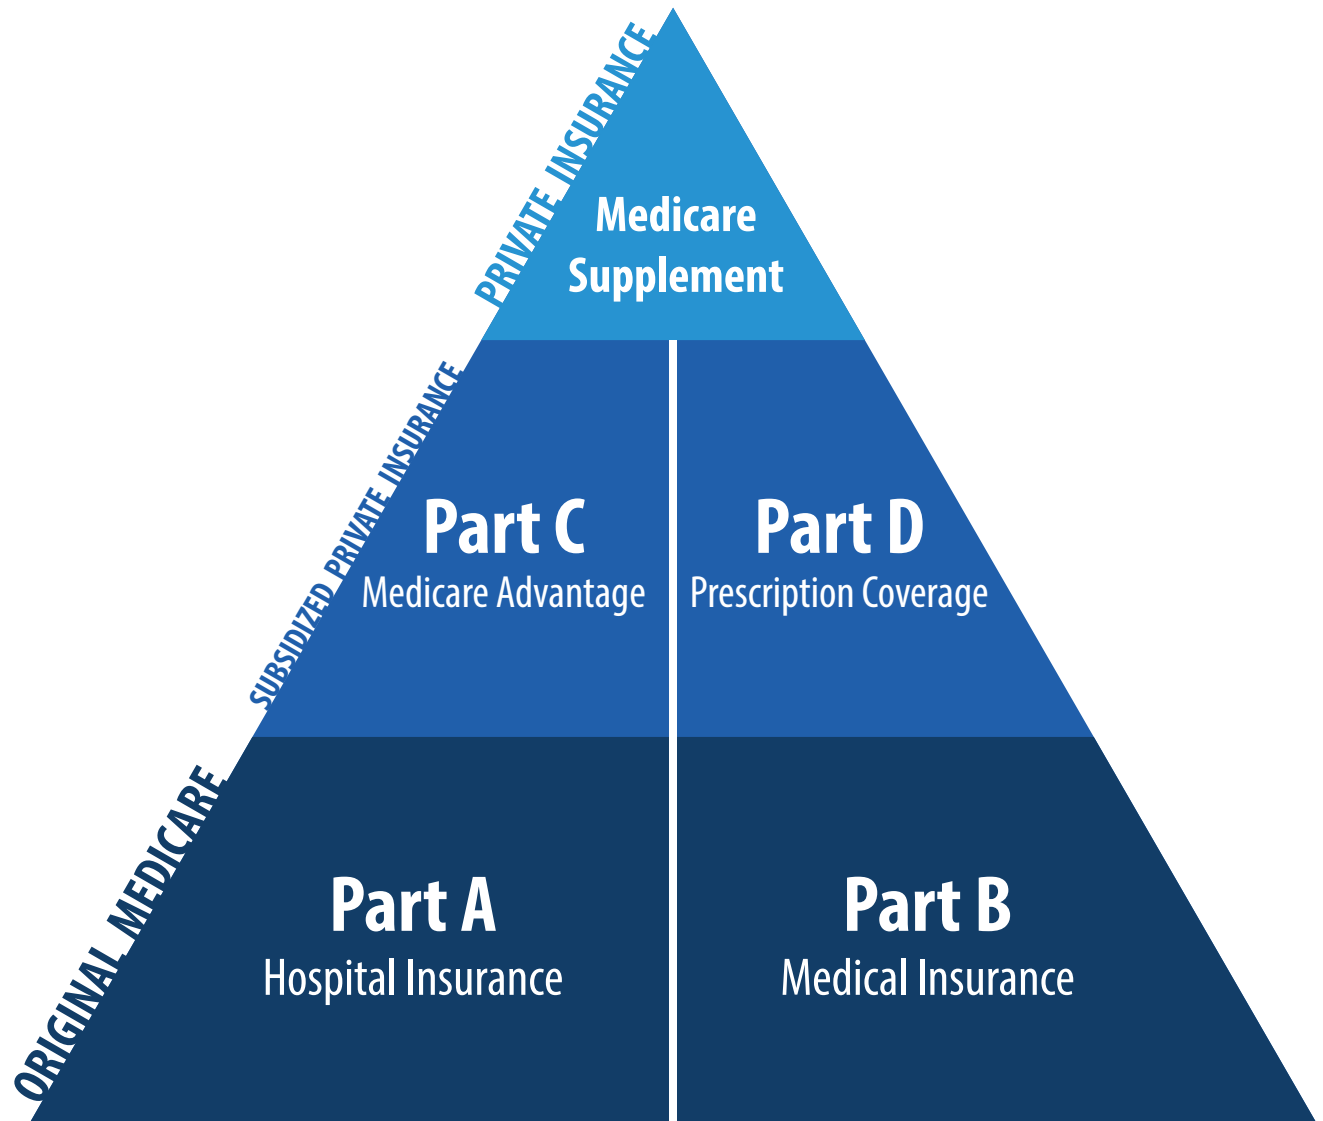

## WHAT IS MEDICARE?

Medicare is the government-run health insurance program for people age 65 and older, those under 65 with certain disabilities and those with end-stage renal disease. Care is provided by any doctor or facility that accepts Medicare.

## WHO IS ELIGIBLE?

In general, those who are eligible for premium-free Part A (hospital insurance) and Part B (medical insurance) include individuals who are 65 and have worked 10 years in this country or who have a spouse who has, or individuals who are 65 and have received Social Security disability benefits for 24 months. If you are receiving Social Security, you are likely already enrolled in Part A and Part B when you turn 65.

## YOUR MEDICARE COVERAGE CAN CONSIST OF SEVERAL PARTS.

## Part A

### *(Hospital Insurance)*

Part A covers inpatient hospital services (such as lab tests and surgeries) and supplies (such as wheelchairs and walkers) considered medically necessary to treat a disease or condition. Part A coverage includes inpatient hospital room and board, skilled nursing care, hospice and some home health care costs. Read the “What Does Medicare Cost?” section to learn what Part A costs fall to you.

## Part B

### *(Medical Insurance)*

Part B covers medically necessary outpatient doctor visits, outpatient surgery, physical therapy, durable medical equipment (such as crutches and home oxygen supplies), ambulance services, and preventative services (such as flu shots and screenings for diabetes and cancers). Read the “What Does Medicare Cost?” section to learn what Part B costs you pay.

## Part C

### *(Medicare Advantage)*

Part C, also known as Medicare Advantage, is a type of Medicare health plan offered by a private insurance company that contracts with Medicare to provide you with all your Part A and Part B benefits. Medicare Advantage plans must cover all of the services that Original Medicare covers — except hospice care — and may also offer extra coverage. (Original Medicare covers hospice care even if you’re in a Medicare Advantage plan.) In all types of Medicare Advantage plans, you’re always covered for emergency and urgently needed care. Most MA-PD plans include Part D prescription drug coverage.

## Part D

### *(Prescription Drug Plans)*

Part D provides outpatient prescription drug coverage. Plans can be purchased on a standalone basis or be included in a Medicare Advantage plan. Plans vary in price, co-pays and the drugs included on their formulary (prescription drug list). While you may not currently be on any prescription medication, the chances of you having to take at least one, if not more, in your lifetime increase as you age.

## Medicare Supplement Plans

### *(Or Medigap Plans)*

Medicare Supplement, or Medigap, plans can help pay some of the health care costs that Original Medicare doesn’t cover. These gaps include items like co-payments, co-insurance and deductibles. Medicare Supplement plans are provided by private insurance companies. If you have Original Medicare and you buy a Medicare Supplement policy, Medicare will pay its share of the Medicare-approved amount for covered health care costs. Then your Medicare Supplement policy pays its share.

## MEDICARE DOESN'T COVER EVERYTHING

You could be responsible for paying for certain items and services. Some not covered by Parts A and B include:\*

- Long-term care
- Most dental care
- Dentures
- Eye examinations related to prescribing glasses
- Cosmetic surgery
- Hearing aids and exams for fitting them
- Acupuncture
- Routine foot care

\*Medicare Supplement plans generally do not cover these costs

## How do you pay for the rest?

We'll help find supplemental health insurance that fits your needs and budget.

**NEARLY 92% OF OLDER ADULTS HAVE AT LEAST ONE CHRONIC CONDITION, AND 77% HAVE AT LEAST TWO, ACCORDING TO THE NATIONAL COUNCIL ON AGING.**

**ORIGINAL MEDICARE ONLY COVERS ABOUT 62% OF THE COST OF HEALTH CARE SERVICES (NOT INCLUDING LONG-TERM CARE).\***

## WHAT IS THE DIFFERENCE BETWEEN MEDICARE ADVANTAGE (PART C) AND MEDICARE SUPPLEMENT PLANS?

Medicare Advantage plans **take the place** of Medicare Parts A and B and usually include Part D Prescription Drug coverage, while Medicare Supplement plans **supplement** Medicare Part A and Part B, by covering the co-payments, co-insurance and deductibles that Original Medicare doesn't pay. You are not required to enroll in a Medicare Advantage or Medicare Supplement plan, but if you do choose to enroll in one, you cannot be enrolled in the other.

When you buy a Medicare Supplement plan, you are still enrolled in Original Medicare.

When you enroll in a Medicare Advantage plan, you move completely into a private health insurance plan. That means your insurance company covers all your health care bills. Medicare Advantage plans must provide the same level of coverage as Original Medicare with the exception of hospice care.

### *How do you decide?*

**Call Medicare MarketPlace at 1-800-639-0781 to speak with a Licensed Insurance Agent.**

We can clearly explain the differences between Medicare Advantage and Medicare Supplement and help you find a plan that works for you.

**TAKE A LOOK AT THE CHART  
ON THE NEXT PAGE TO SEE THE DIFFERENCES!**

## MEDICARE SUPPLEMENT

Fills the gaps in Original Medicare

No Rx coverage — can be paired with Medicare Part D Prescription Drug coverage

Enrollment is year-round

Typically accepted by any provider that accepts Medicare assignment

Monthly premiums typically range from \$85 – \$150, but vary by plan and geography

Premiums can be affected by age and gender

Health questions may be asked to determine eligibility

Benefits are the same regardless of which company offers them

Most plans do not cap out-of-pocket costs

## MEDICARE ADVANTAGE

Replaces Original Medicare

Often includes Medicare Part D Prescription Drug coverage

Enrollments are limited to open enrollment and annual election periods as well as special circumstance throughout the year called Special Election Periods

Coverage is usually network-based, like an HMO or PPO

Premiums can be as low as \$0 per month

Premiums are same. Age and gender do not impact premiums, but premiums vary by county

Guaranteed acceptance, except for those with end-stage renal disease (ESRD)

Benefits vary by company

Out-of-pocket costs are capped

## HOW DO I COMPARE MEDIGAP POLICIES?

The chart below shows basic information about the different benefits that Medigap policies cover. If a percentage appears, the Medigap plan covers that percentage of the benefit, and you're responsible for the rest.

Medicare Supplement Insurance (Medigap) plans

							<b>Out-of-pocket limit in 2017</b>			
							\$5,120	\$2,560		

\*Plan F also offers a high-deductible plan in some states. If you choose this option, this means you must pay for Medicare-covered costs (co-insurance, co-payments and deductibles) up to the deductible amount of \$2,200. in 2017 before your policy pays anything.

\*\*Plan N pays 100% of the Part B co-insurance, except for a co-payment of up to \$20 for some office visits and up to a \$50 co-payment for emergency room visits that don't result in an inpatient admission.

# WHAT DOES MEDICARE COST?

## Costs for Medicare vary from year to year.

Most people don't pay a monthly premium for Part A, because they have paid into the system during their working years. But generally, you will need to pay a Part A deductible, a Part B deductible and a monthly Part B premium. If you enroll in a Part D Prescription Drug plan, you also may pay a monthly premium. Use this page to get a rough idea of Medicare costs in 2017.

## 2017 Costs at a Glance

**Part A** *Premium:* most people don't pay a monthly premium because they already have paid Medicare taxes while working; however, if you do have to pay a premium, it will be \$413 each month

*Hospital inpatient deductible:*

- \$1,316 deductible for each benefit period
- Days 1-60: \$0 co-insurance for each benefit period
- Days 61-90: \$329 co-insurance per day of each benefit period
- Days 91 and beyond: \$658 co-insurance per each "lifetime reserve day" after day 90 for each benefit period (up to 60 days over your lifetime)
- Beyond lifetime reserve days: all costs

**Part B** *Premium:*

- most beneficiaries will pay \$109 each month, up from \$104.90 in 2016, because of a law that prevents Medicare Part B premiums from rising more than the cost-of-living increase in Social Security benefits (the cost-of-living increase in Social Security benefits was 0.3% in 2017); this group includes beneficiaries who have Part B premiums automatically withheld from their Social Security checks
- other beneficiaries will pay \$134 (or higher depending on your income); you'll pay a different premium amount in 2017 if:
  - you don't collect Social Security benefits
  - you have Medicare and Medicaid, and Medicaid pays your premiums
  - you enroll in Part B for the first time in 2017
  - your modified adjusted gross income as reported on your IRS tax return from two years ago is above a certain amount
  - you're directly billed for your Part B premiums

*Deductible:* \$183 per year. After your deductible is met, you typically pay 20% of the Medicare-approved amount for most doctor services (including most doctor services while you're a hospital inpatient), outpatient therapy, and durable medical equipment

**Part C** *Premium:* most Part C (Medicare Advantage) plans have low or zero premiums. Premiums vary by plan type and geography, and often include prescription drug coverage at no extra cost

*Deductibles, co-pays and co-insurance:* vary by plan

**Part D** *Premium:* varies by plan (higher-income earners may pay more)

*Deductibles, co-pays and co-insurance:* vary by plan

**If you choose additional coverage:**

Medicare Supplement plans also have monthly premiums. These costs also vary.

## CAN I QUALIFY FOR EXTRA HELP?

People with limited income and resources may qualify for Extra Help programs that pay the Part B Original Medicare premium and/or lower the costs of Medicare prescription drug coverage. You can get more information about assistance by going to a Social Security office, calling 1-800-772-1213, visiting [www.ssa.gov](http://www.ssa.gov) or talking with your Licensed Insurance Agent.

## What if I still have employer coverage available?

If you are 65 or over, eligible for Medicare, and have insurance through your or your spouse's current job, in most cases you should at least take Part A (hospital insurance). (For most people, Part A is free.)

To decide whether to take Part B (medical insurance), for which everyone pays a monthly premium, you should ask your benefits manager or human resources department how your employer insurance works with Medicare and confirm this information with the Social Security Administration (SSA) and Medicare. Be aware that when you qualify for Medicare, your employer insurance may start to work differently for you. You will need to figure out whether paying for both types of coverage will be useful in offsetting your health care costs.

# KNOW THESE DATES!

## OCT. 15 - DEC. 7

Open Enrollment Period for Medicare Advantage and Medicare Part D Prescription Drug coverage: This is when all people with Medicare can change their Medicare health plan and prescription drug coverage for the next year.

## JAN. 1 - FEB. 14

Medicare Advantage Disenrollment Period: If you have a Medicare Advantage plan (Part C), you can leave your plan and switch to Original Medicare from Jan. 1 through Feb. 14. (If you use this option, you also have until Feb. 14 to join a Medicare Part D Prescription Drug plan.)

## JAN. 1 - MARCH 31

General Enrollment Period: If you do not enroll in Medicare Part B during your initial enrollment period, you have another chance each year to sign up during this time. However, you may have to pay a late enrollment penalty. Your monthly premium increases 10% for each 12-month period you were eligible for, but did not enroll in, Medicare Part B.

## JAN. 1 - DEC. 31

Medicare Supplement plans can be purchased year-round but may require health questions to be answered to determine eligibility.

# TURNING 65 CHECKLIST:

*What you need to know and do to sign up for Medicare and supplemental health insurance*

When you're first eligible for Medicare, you have a seven-month initial enrollment period to sign up for Part A and/or Part B. (Your enrollment period starts three months before the month you turn 65, includes your birth month and concludes three months after the month you turn 65. If you do not enroll during your initial enrollment period or do not provide proof of insurance under another eligible plan, you will pay a substantial penalty each month.

# ALREADY 65 CHECKLIST:

*What you need to review and manage your plan each year*

Once you are enrolled in Medicare, you do not need to sign up each year, but you can make changes on an annual basis to your Medicare Advantage or Medicare Prescription Drug coverage for the following year. These changes can be made during two enrollment periods each year:

## **1. Open Enrollment Period (OEP),**

Oct. 15 – Dec. 7

## **2. Medicare Advantage Disenrollment Period**

Jan. 1 – Feb. 14

You also may want to review your Medicare Supplement health insurance plan each year, because premiums can change from year to year. While you can switch Medicare Supplement plans at any time throughout the year, you may be subject to underwriting. Even though you don't have to review your Medicare Supplement plan along with your prescription drug plan, it may be convenient to do so at that time.

## ***Do You Qualify for a Special Enrollment Period?***

Certain special circumstances, or life events, may qualify you for what's called a Special Enrollment Period. Learn more at [MedicareMarketPlace.com](https://www.MedicareMarketPlace.com).

# Medicare MarketPlace<sup>®</sup> *by Insuractive*

### Determine whether you're eligible for Medicare benefits

**How?** Pick one of three ways:

- Call Social Security at 1-800-772-1213. If you are deaf or hard of hearing, call 1-800-325-0778. (Medicare is managed by the Centers for Medicare and Medicaid Services. Social Security works with CMS by enrolling people in Medicare.)
- Visit your local Social Security office. Use the Social Security Office locator at <https://secure.ssa.gov/ICON/main.jsp> or call 1-800-772-1213.
- Go online to the Medicare.gov website's Eligibility & Premium Calculator: <http://medicare.gov/eligibilitypremiumcalc/#eligibility>.

**Why?** This will help you determine if you will be automatically enrolled for Part A and/or Part B (and if so, to expect your Medicare card in the mail) or if you'll need to sign up. It also will estimate your premium amounts and provide information so you can decide whether you want Part B and whether you want to supplement Original Medicare.

*Note: If you don't sign up for Part B when you're first eligible, your monthly premium for Part B may go up 10% for each full 12-month period that you could have had Part B, but didn't sign up for it.*

### Review your current health insurance plan

**Why?** Enrolling in Medicare can impact your existing coverage. For example, if you're on your employer's plan, your employer can change your premiums, benefits or even cancel coverage once you're enrolled in Medicare.

### Explore your options for purchasing supplemental health insurance

**Why?** Medicare doesn't cover everything. You may want to consider enrolling in a Medicare Advantage plan; or supplementing Original Medicare (Parts A and B) with a Medicare Supplement plan; and you may need Medicare Part D Prescription Drug coverage.

**How?** Call Medicare MarketPlace at 1-800-639-0781 to speak with a Licensed Insurance Agent. We can explain your options, give you a price quote, answer your questions and help you enroll.

## Turning 65 Checklist: About 6 Months Before Your 65th Birthday

# Medicare MarketPlace<sup>®</sup> *by Insuractive*

### Contact your doctors to see if they accept Medicare

**Why?** Whether your doctors accept Medicare assignment and participate in Medicare Advantage networks can help you decide whether you want to enroll in Medicare Supplement or Medicare Advantage.

**How?** Call your doctors directly, or see if they're listed on the Medicare.gov directory: <http://www.medicare.gov/forms-help-and-resources/find-doctors-hospitals-and-facilities/quality-care-finder.html>.

*Note: If you don't sign up for Part B when you're first eligible, your monthly premium for Part B may go up 10% for each full 12-month period that you could have had Part B, but didn't sign up for it.*

### Consider and/or decide whether to purchase Medicare Supplement or Medicare Advantage health insurance

**Why?** If you choose, you may enroll in a Medicare Supplement plan up to six months prior to your 65th birthday. You cannot, however, enroll in Original Medicare or Medicare Advantage until three months before your 65th birthday. (See the next checklist, "Turning 65 Checklist: About 3 Months Before Your 65th Birthday.")

**How?** Call Medicare MarketPlace at 1-800-639-0781 to speak with a Licensed Insurance Agent. We can explain your options, give you a price quote, answer your questions and help you enroll.
